There are more hotels that might have a better offer.

On Friday 31 and for 2. june

The arrangement at Fallstad is including a walk in the woods as a part of the seminar. At Røros with its harsh climate one shall be prepared for bad weather.

We will then advice the participants to bring good shoes for walking. The paths might be a bit soak and the weather might be chill and wet. As Nordic people we are also prepared for good weather by just getting the suitable number of layers with clothes of.

We will send you more information about the arrangement as soon as we know more.

We wish you welcome to the early summer and the bright nights in 30.May to 2.June in Trøndelag!

Kindy yours

Marie Louise Anker
